

# Custom Fonts Document

Testing font substitution and embedding

Font Demonstration:

Standard Fonts:

- Arial - Regular text
- Times New Roman - Serif text
- Courier New - Monospace text

Custom Fonts (will be substituted):

- Helvetica -> Arial
- Times-Roman -> Times New Roman
- Courier -> Courier New
- Symbol -> Arial
- ZapfDingbats -> Arial

This document tests the font substitution system and ensures that:

- Original fonts are detected correctly
- Substitutions are applied appropriately
- Layout is preserved with substituted fonts
- Font characteristics are maintained
